

Why Do They?

Why do so many mothers buy their Children's Clothing at this store? Why do they come from far away as well as near at home? Why do they return regularly season after season? Why do they tell their friends to come?

Is it Sentiment or Accident?

It's neither. The reason is that which governs all buying and selling transactions. It's because they **SAVE MONEY**. That's why. The evidence is before you. Come and we'll demonstrate more clearly.

\$1.15 Ten styles at this price. In neat, plain Gray, Brown, all-wool, effects, in all-wool fabrics, worth \$2.50.

JACOBS & LEVY,

707 east Broad street.

Have you seen our Men's Russian Blue Serge Suits at \$7.50. They're two and a half dollars more at the large stores.

HUMMING-BIRDS ON A SHIP.

About 200 of Them Swept to Sea in a Fog by a Land Breeze.

A San Francisco special says: A horde of birds boarded the steamer Walla Walla, now in port here, when she was fifteen miles off Cape Mendocino. There were about 250 of them, and they swarmed over the vessel, laying about them to right and left, and plunging their long beaks into everything that seemed of value. Their gurgling, plaintive, twittering, and chirping, as they flew about the deck, made the ship seem like a bird-fancier's shop, for these pirates were a big flock of humming-birds, with a blue breast, behind them. They came and buzzed suddenly out of a dense fog, and alighted on the vessel at dusk on Friday night.

The birds seemed so nearly dead with hunger and fatigue that they had no fear of human beings. They had probably been driven off shore by the land breeze, and were now seeking food. Some of them were seen to enter the ship's hold, and were taken out by the crew. They were very tame, and seemed to be in the habit of coming to the ship for food. They were seen to enter the ship's hold, and were taken out by the crew. They were very tame, and seemed to be in the habit of coming to the ship for food.

Among the novelties in spoons for Easter wedding gifts is the nut-spoon, with its shovelful-shaped, perforated bowl, and its long handle, already richly decorated with the most delicate of designs. The spoon is made of silver, and is a very useful and ornamental article. It is a very useful and ornamental article. It is a very useful and ornamental article.

Many a housewife is disheartened when she finds that the house into which she has just moved was inhabited before by a family of vermin. She finds that the house is full of them, and she is disheartened. She finds that the house is full of them, and she is disheartened. She finds that the house is full of them, and she is disheartened.

Georgia to Eret a Monument at Chickamauga.

The Legislature of Georgia two years ago appropriated \$500 for the purpose of erecting a monument to the memory of the battle of Chickamauga. The monument is to be erected on the battlefield, and is to be a monument to the memory of the battle of Chickamauga.

The Scottish Regatta.

Among the historical treasures of our country the "Honours of Scotland" must always hold a prominent place. They are a very great intrinsic value, but they are also a very great historical value. They are a very great intrinsic value, but they are also a very great historical value.

HIS LIFE IN PERIL.

EX-SENATOR McPHERSON SAVED BY HIS SECRETARY.

Attempt to Kill Him Made by a Man Who is Partially Blind. This Man Had an Accomplice, Who Escaped.

NEW YORK, May 18.—An attempt was made to-day to kill ex-Senator J. R. McPherson, in his office, in the Aldrich Building. William B. Aiken, who made the attempt, is partly blind, and is said to be interested in a suit in which the Senator is involved. Van Aiken had an accomplice, whose name is unknown, and who escaped. Van Aiken was arrested, and was prevented from doing so by the latter's secretary, Edward F. Low. Van Aiken was arrested in the Police Court this afternoon, and remained in default of \$3,000 bail.

Mr. McPherson admitted that he knew Van Aiken several years ago. "Van Aiken," said Mr. McPherson, "was once a very wealthy man, owned property in New Jersey, and was a contractor. He built several docks in this city and New Jersey. He was obliged to mortgage a good deal of his property, and I bought one of his Jersey farms at a mortgage sale. I have never had any direct transactions with the man, but he came to me afterwards and claimed that I had entered into an agreement with him to run the farm on equal-profit shares. He insisted that I owed him \$3,000. He said that I had the suit transferred to the United States Court, and since that time he has not attempted to revive the suit. I am inclined to believe the man is sane."

"Van Aiken told me this morning he was tired out waiting for his lawyer to settle the case, and thought that we could settle it between us. I told him that I was not a lawyer, and that he had better go away. If he wanted to know anything about the case he must go to my lawyer. When I had said that his accomplice deliberately turned a chair, so that Van Aiken was exactly opposite me, and I saw him in the matter I would have been killed."

Rufus N. Williams, the attorney for Van Aiken, said that he would not put in any defense, and the case was set for the grand jury. Mr. McPherson says that he is very anxious to secure the capture of Van Aiken's companion, who was poorly dressed, and not the sort of looking man whom Van Aiken would choose to employ. Van Aiken, in court, declared that he had no intention to shoot him, but simply wanted a settlement of the suit.

At the hotel where Van Aiken lives it was said that he had left the house since last fall. He was always looked upon as a respectable business-man, and was an object of sympathy on account of his partial blindness. He had been almost blind for two years. He is said to have one son, and to be a widower.

FIREMEN FRIGHTFULLY BURNED.

Twelve Others Overcome by Smoke, But Revived.

CHICAGO, May 18.—Twelve firemen were frightfully burned to-day by the explosion of a tank containing eighty gallons of gasoline, in the grocery of W. H. Manley, on Forty-third street. The explosion was heard for several blocks, and many windows were shattered. The severely injured are: Joseph C. Paxon, third assistant-chief, burned about face and body; condition serious. John Fitzgerald, marshal Eleventh Battalion, burned about body; condition serious. John C. Champagne, hands, face, and body frightfully burned; may die.

The others who were injured are: Daniel Doyle, Henry Wingle, Captain Thomas Kinney, Lieutenant James McGraw, James Hickey, Morris Maloney, Lieutenant James Burke, Captain O. White, J. J. Crueck. All the men were burned about the head, face, and body, and their injuries are more or less severe. The chances are that Paxon, Fitzgerald, and Champagne will recover.

During a small fire to-night, on Van Buren street, twelve firemen were overcome by smoke. They revived in a few minutes, after being dragged into the fresh air.

SALISBURY ON EASTERN WAR.

Amistice Does Not Seriously Diminish Existing Difficulties.

LONDON, May 18.—Speaking to-night at the Junior Constitutional Club, Lord Salisbury touched briefly on the complications in Southeastern Europe. The Premier said he regretted that political reasons precluded him from saying much on the subject of foreign affairs. The armistice which had been declared was due to pressure exerted by the six Powers, especially Russia, and the armistice was a temporary measure. It did not seriously diminish the difficulties which had to be faced. Neither Turkey nor Greece ought to be under an illusion as to the real state of affairs in the Balkans. His Lordship referred to the sympathies of England for Greece as founded upon classic association, liberalism in politics, and community of religious conviction, as well as upon other influences, but such considerations as these, he said, could not be allowed to guide the policies of nations, for their policy was to maintain peace by the strict observance of international agreements.

CALHOUN IN HABANA.

He Visits the Casino—Proves Himself Orator and Diplomat.

HABANA, May 18.—W. J. Calhoun, the special commissioner of the United States, who is investigating the death of Dr. Ricardo Ruiz, a naturalized American citizen, visited the Spanish Casino last night, which was decorated and illuminated in honor of the eleventh birthday of King Alfonso XIII. Calhoun was accompanied by the Spanish Consul at Philadelphia, Dr. Jose Gonzales; the Mayor of Habana, Senor Michael Diaz; and Dr. Jover, who acted as interpreter. Mr. Calhoun, in the building, and expressed appreciation of the courtesy with which he was received. After the guests and their hosts had partaken of refreshments, the secretary of the Casino, Don Pedro de Caceres, and Sincere and Unalterable Friendship Between the United States and Spain.

Dr. Jover then toasted "President McKinley" in English, which was responded to by Mr. Calhoun. The first words which the latter uttered on gaining his feet showed him to be an accomplished orator, as well as a discreet diplomat. After some preliminary remarks of a complimentary nature, Mr. Calhoun said that when he received his appointment to come to Cuba, he formed the idea that he was going to a foreign country, but the hospitality he had met with in Spanish territory had made his residence here so pleasant that he began to believe himself among his own people, and yet he was almost forgetting his own country, while waiting for the approach of peace and prosperity for Cuba.

THE TENNESSEE EXPOSITION.

Continuation of Musical Congress—Tennessee Bankers Meet To-Day.

NASHVILLE, TENN., May 18.—The Government Building and the Woman's Building were the special centres of attraction to-day. The Government Building, because of the vast, varied, and most interesting and novel displays contained therein, made by the various departments, and the Woman's Building, because of the continuation of the sessions of the musical congress. The congress met, with Miss Clara Conway presiding. Mrs. Carrie Jones, of Cincinnati, gave piano recitals. Miss Anita

Muldoon, of Louisville, Ky., gave two vocal selections. Miss Esther Wilcox, of Indianapolis, gave a violin solo, and Mrs. John Vance Cheney, of Chicago, concluded the proceedings of the congress with a vocal solo.

To-morrow, in the Woman's Building, will be held a college-day convocation, when many distinguished graduates of the leading colleges for women will appear. In the Auditorium to-morrow, there will be exercises in honor of Tennessee Bankers' day, and the delegates to the State Bankers' Association will attend.

Bright, warm weather is prevailing, and the attendance is good. EXHIBITS FROM NEW YORK. NEW YORK, May 18.—At a meeting of the Nashville Exposition to-day, it was announced that a car containing furniture and decorations for the New York room was already loaded, and that it would go forward at once. The car will be shipped to Nashville to see that everything is put in proper shape. One of the most interesting exhibits that will go from New York will be that of the Colonial Dames, consisting of some of the most valuable historical relics in this city.

THE RAILWAY TRAINMEN.

Brotherhood Meeting at Toronto—Formal Reception.

TORONTO, ONT., May 18.—At this morning's session of the International Brotherhood of Railway Trainmen the legislative business now before the United States Congress came under review. A long discussion took place over the bill which authorizes the appointment of a commission by the President of the United States. It was decided to ask that the commission be composed of an equal number of members representing labor, capital, and the public. The Brotherhood will also recommend changes that will in part ameliorate existing conditions. The contemplated arbitration bills were also discussed. Grand-Master Sargent, of the Brotherhood of Locomotive Firemen, this afternoon pleaded for a closer federation of the various branches of the railway service.

The delegates to the Brotherhood of Railway Trainmen's Convention were the guests to-night of local lodges of the Brotherhood of Locomotive Firemen. Hundreds were turned away from Occidental Hall, where a reception was held, and an address of welcome was given by an engineer, was presented to Grand-Master Morrissey, of the Trainmen's Brotherhood. Speeches were made by prominent men in both orders.

Grand-Secretary and Treasurer Arnold, of the Brotherhood of Railway Trainmen, asked the delegates to hold their next convention in Peoria, Ill., which step, if taken, he said, would practically mean the federation of the two great brotherhoods.

Corn, Cotton, Winter and Spring Wheat, and Tobacco.

WASHINGTON, May 18.—The Weather Bureau, in its report of crop conditions for the week ended May 17th, says:

In the Central valley, the week has been favorable for farming operations. It is said that the soil is very dry, and that the temperature conditions have been more favorable, which, with abundant rains, have caused rapid advancement of crops. But farm-work has been retarded to some extent as a result of excessive moisture.

Corn-planting is now in progress in the West, and the early sowing is generally credited with the best results in the South Dakota and Idaho and Washington. Transplanting of tobacco has commenced in Connecticut and Rhode Island, and is progressing favorably in Tennessee and Virginia. Much of the crop has been set in the Carolinas.

WESTERN PASSENGER ASSN.

It Is Not Likely to Get the Membership It Desires.

CHICAGO, May 18.—It is unlikely that the Western Passenger Association will secure the membership it desires to have by the last of June. The Executive Committee has labored unsuccessfully to get the roads into the association, but despite all its work there are several of the roads which have not yet become members, and there seems to be no immediate prospect of their doing so. The Canadian Pacific has not yet signed the agreement, and as a consequence neither the Great Northern nor the Northern Pacific has joined the association. They are probably assured Chairman White, of the Executive Committee, that they will join as soon as the Canadian Pacific has signed the agreement, and they have not absolutely refused to sign the agreement in case the Canadian Pacific refuse to join. The Wisconsin Central and Great Northern still hang out, and they have given no indication of their intention.

The agreement of the freight men, entered into last week for the preservation of rates, is not holding good to the satisfaction of the conservative members of the association. The lumber rates from which the roads are to be benefited are still in a state of demoralization when the agreement was formed, and are still in the same condition. The roads are still in a state of demoralization when the agreement was formed, and are still in the same condition.

ORDER OF RAILWAY CONDUCTORS.

Convention Brought to a Close—Election of Officers.

LOS ANGELES, CAL., May 18.—The twenty-sixth session of the Grand Division of the Order of Railway Conductors was brought to a close this evening. The convention has been in session for the past nine days, during which time a vast amount of work has been disposed of and subject important to the members of the order discussed and decided. To-day's session the election of officers for the ensuing year occurred, and resulted as follows: Grand Conductor, F. E. Clark, re-elected. Assistant Grand Conductor, C. H. Wilkins, re-elected. Grand Secretary and Treasurer, Martin Clancy, re-elected. Grand Junior Conductor, A. B. Garrett, re-elected. Grand Junior Conductor, W. B. Perkins, of Los Angeles.

FIRST WOMAN GRADUATE.

Daughter of Professor Briggs—Diploma in Theology.

NEW YORK, May 18.—The first woman to be graduated by the faculty of Union Theological Seminary received her diploma to-night at the sixty-first annual anniversary and commencement of that institution. The interest in the event was redoubled by the graduation of Emily Grace Briggs, daughter of Professor C. A. Briggs, who was suspended by the General Assembly after a trial for heresy in 1894.

Wants the Atlanta Collectors.

WASHINGTON, May 18.—P. F. Brimley has made application for appointment as Collector of Internal Revenue at Atlanta, Ga.

ON THE APPOMATTOX.

CARRIED A PART OF THE WHARF WITH IT.

Accident at the Launching of a Scow in Petersburg—The Virginia and Carolina Railroad—Personal Notes—New Church Movement.

PETERSBURG, VA., May 18.—(Special.)—The large, heavy scow, built by the Petersburg Iron-Works Company for the Virginia Navigation Company, and destined for use on the Patuxent river, was launched this morning at 6 o'clock. She launched broadside, and in descending into the water, owing to some derangement of her supports, demolished wharf—probably seventy-five to one hundred feet in length. The scow, however, floated off in the water and was not injured. The damage to the wharf property is considerable.

THE VIRGINIA AND CAROLINA R. R.

The three weeks' extension of time granted by the Common Council to Mr. G. W. Smith in which to complete his examination of titles and papers of the Virginia and Carolina railroad will end on Friday of this week. It is understood that this examination has been progressing steadily, and that letters have been recently sent to the matter, but the result is not known to the public. A prominent citizen, who is interested in the proposition, expressed the belief that the road will be bought from the city and built.

PERSONAL AND GENERAL NEWS.

Mrs. Mary E. Sules, relict of W. R. Sules, died at her residence on Market street this morning about 1 o'clock, after a protracted illness. She leaves several children.

Mrs. Alexander Forrest, who has been visiting her brother, Mr. Charles Watson, City Sergeant, left to-day for her home in Nova Scotia.

The Tuesday Card Party were brilliantly entertained to-night at the residence of Mr. John McGill.

For the first time in several years there will be no criminal cases for trial in the Huston Court for the term commencing Thursday.

Committees of the West-End Baptist church are making arrangements for raising the necessary fund for the erection of their proposed new edifice. They expect to build a handsome church on the site of the present house of worship on west Washington street, at a cost of about \$15,000.

Small hail and the weather continue fair to-day, and a great crowd, at the bicycle meet at the New Market course on Thursday.

CONDITION OF THE CROPS.

Corn, Cotton, Winter and Spring Wheat, and Tobacco.

WASHINGTON, May 18.—The Weather Bureau, in its report of crop conditions for the week ended May 17th, says:

In the Central valley, the week has been favorable for farming operations. It is said that the soil is very dry, and that the temperature conditions have been more favorable, which, with abundant rains, have caused rapid advancement of crops. But farm-work has been retarded to some extent as a result of excessive moisture.
